

June 5, 2015

The following was sent to the KYAE listserv.

AVAILABLE: Additional FastForward seats!

We can help you *Fast Forward* to finishing strong!

Since we first set forth our “Finish Strong” challenge on April 20, 351 more Kentuckians have earned their GED® diplomas – for a total of 1,351. That’s 26% of our total fiscal year GED® diplomas in just five weeks! There’s still time left for us to finish strong and finish out this fiscal year with hundreds more Kentuckians earning their GED® diplomas!

As shared in the most recent *News To Use*, on June 1, KAERS data showed there are **more than 2,300 individuals in NRS levels 5 and 6 without a GED® or high school diploma**; however, **more than 1,350 of these individuals have not taken any GED Ready™ test modules!** For those who have taken the GED Ready™ test, 261 have passed three modules and 529 have passed two modules of the GED Ready™ test. **Let’s get these 2,300 students prepared, tested, and equipped with their GED!!!!**

Are you seeking a way to help these so-close-to-passing individuals get over the testing hump? Programs have shared that FastForward has been a valuable tool in helping many individuals cover the content and build the skills they need to pass the GED® test. KYAE has additional FastForward seats available; please take advantage of this valuable and effective resource!

To request more FastForward seats, please contact Elizabeth Arauz at elizabeth.arauz@ky.gov or (502) 573-5114, ext. 109.
